

Hello students,

It is a month ago when we last saw each other! I really wish you are fine and healthy.

The work for this week is LISTENING exercises from the WORKBOOK. Each exercise tells you the page where you must open your book, read the questions first and then listen to it twice (as we do in class). Answer the questions and when you have finished them all, take a photo and send them to me.

You do not need to continue with the diary. Hopefully you have written enough by now!

The reading (book I gave you) must be finished by now. If you want, you can send me the answers to the questions.

The rest of the homework I have asked should have been sent by yesterday, so you can send it but I will not send the corrections back.

Regarding your marks, as you can see, I have been very generous and I will continue to be because this situation requires it, BUT you MUST continue (or start in some cases) working the English subject if you want to pass.

I hope you and your families are healthy. Take care of yourself.

A big hug

Montse
